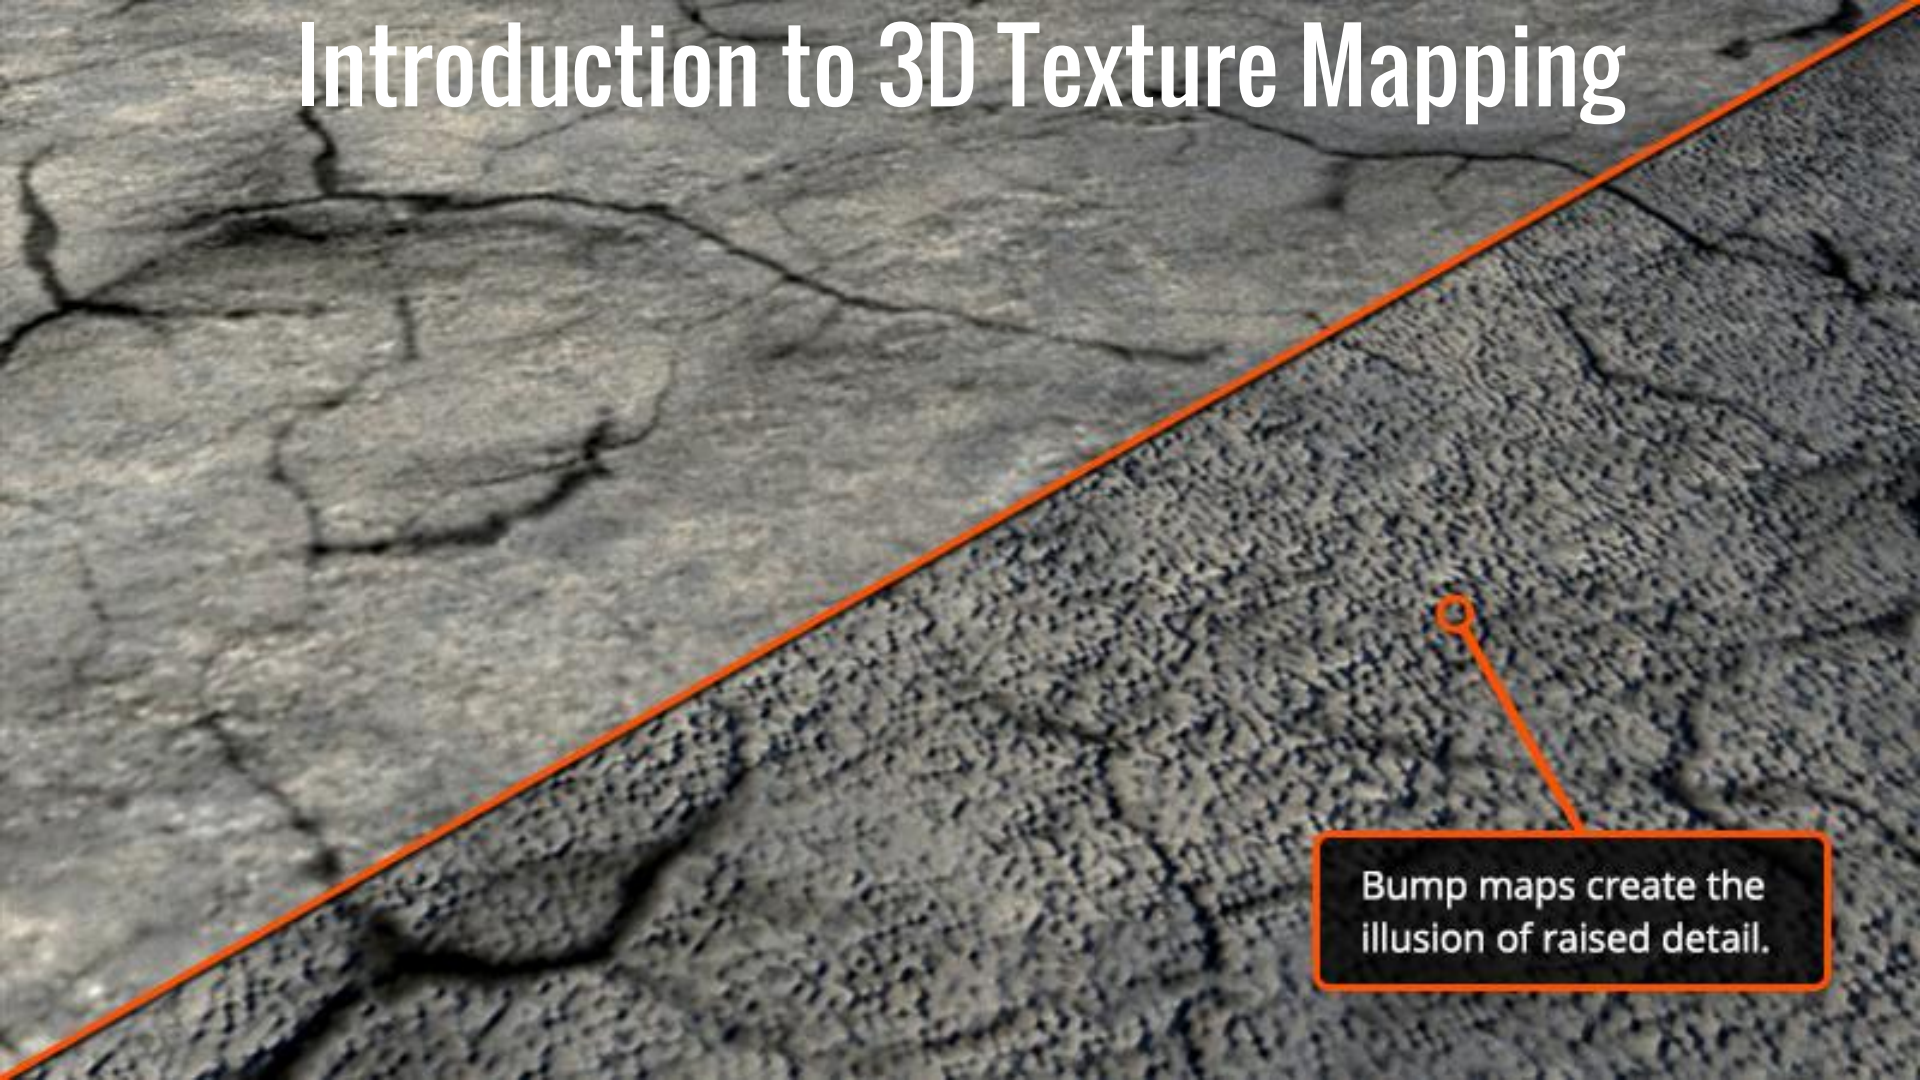
3D Texture Mapping

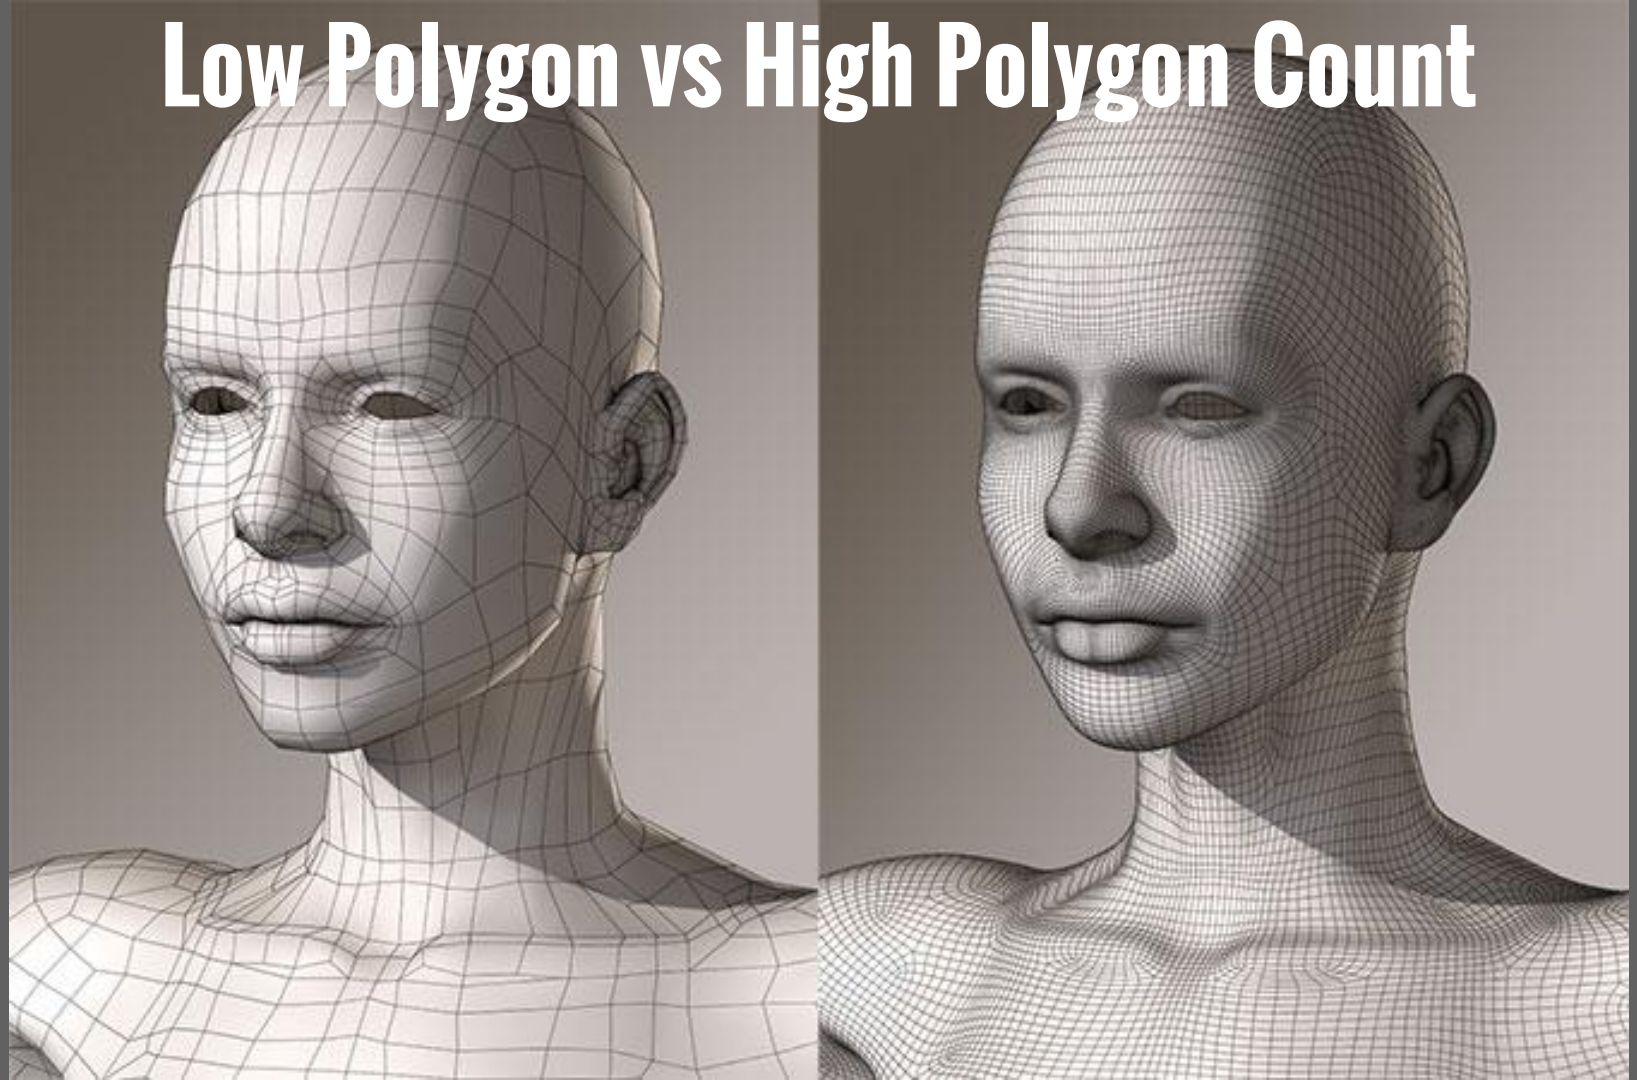
CAP 3027 Fall 2015

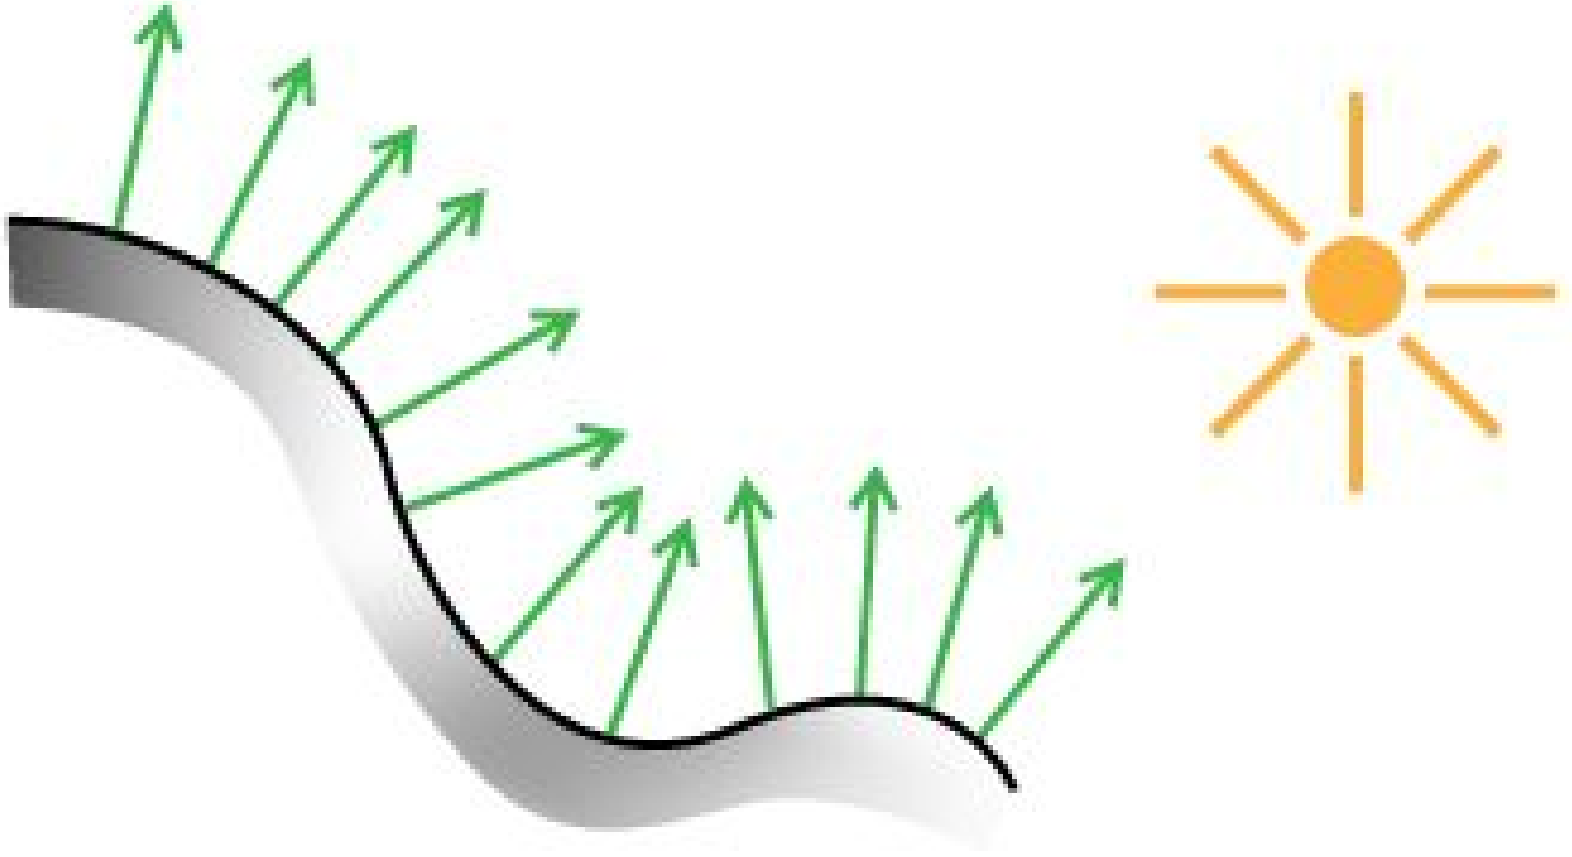
Nicola Frachesen | Richard Li | Natalie Rumak | Xiaoxi Zheng

Introduction to 3D Texture Mapping



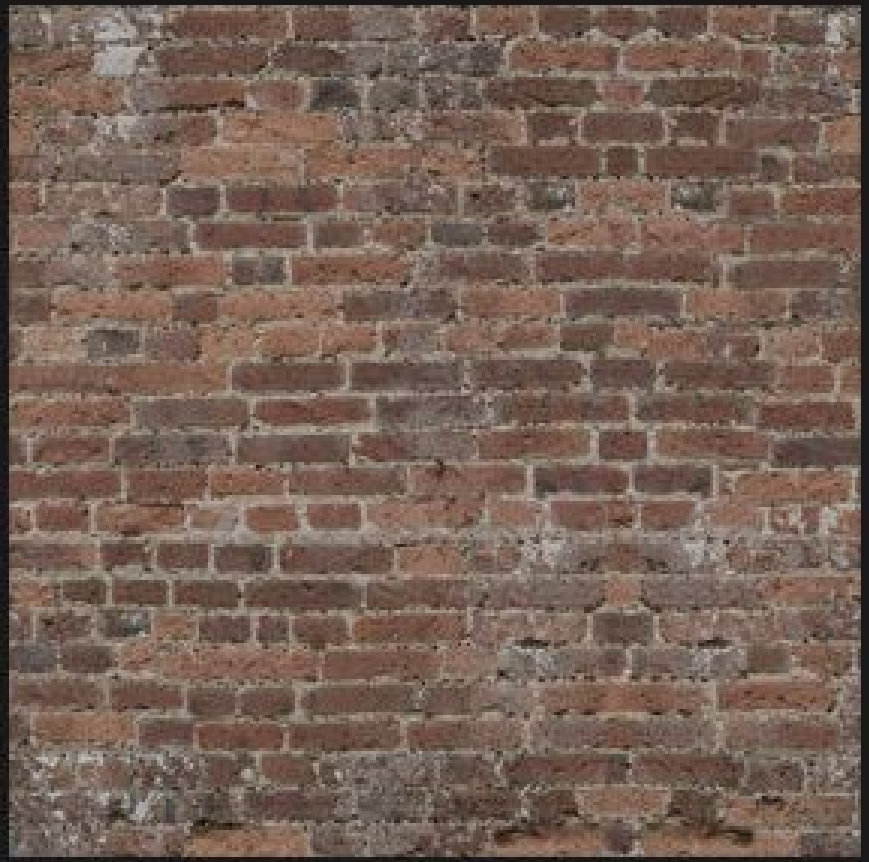
Low Polygon vs High Polygon Count



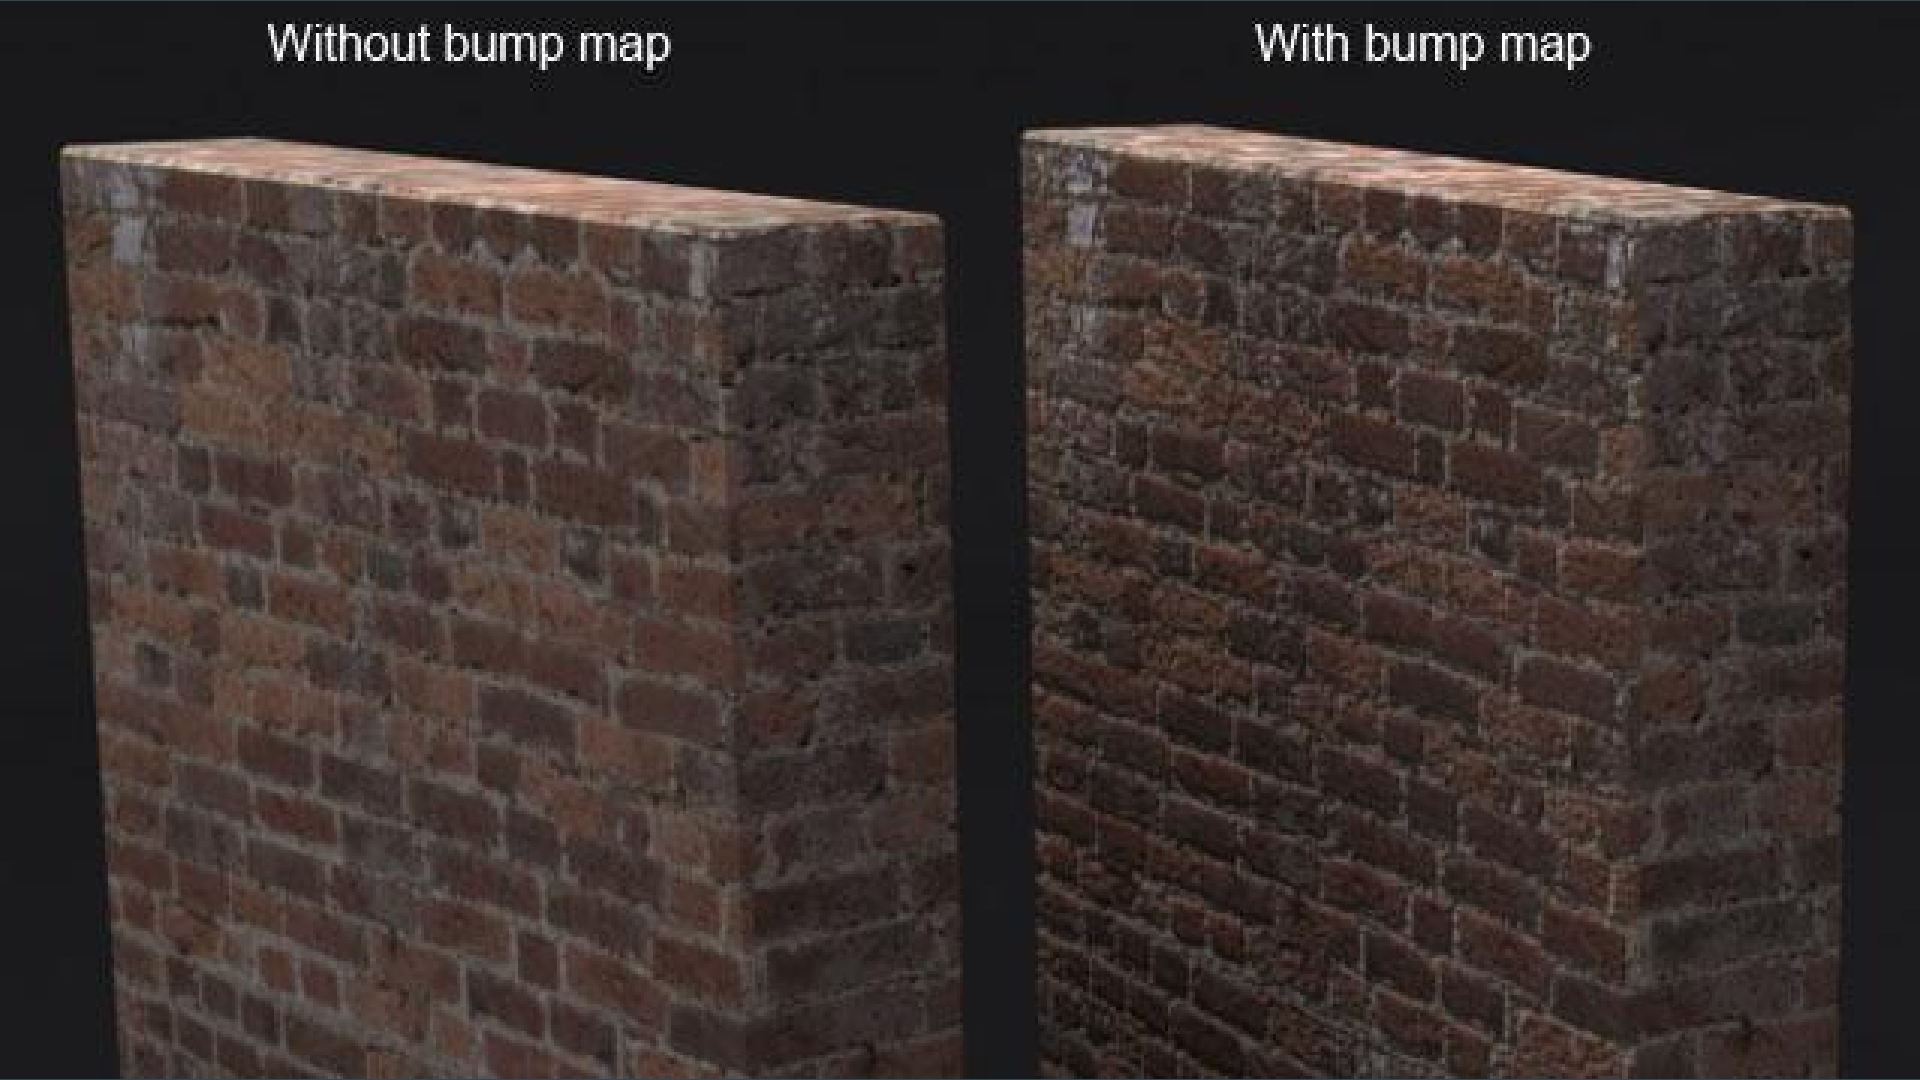


Bump Mapping

Texture map

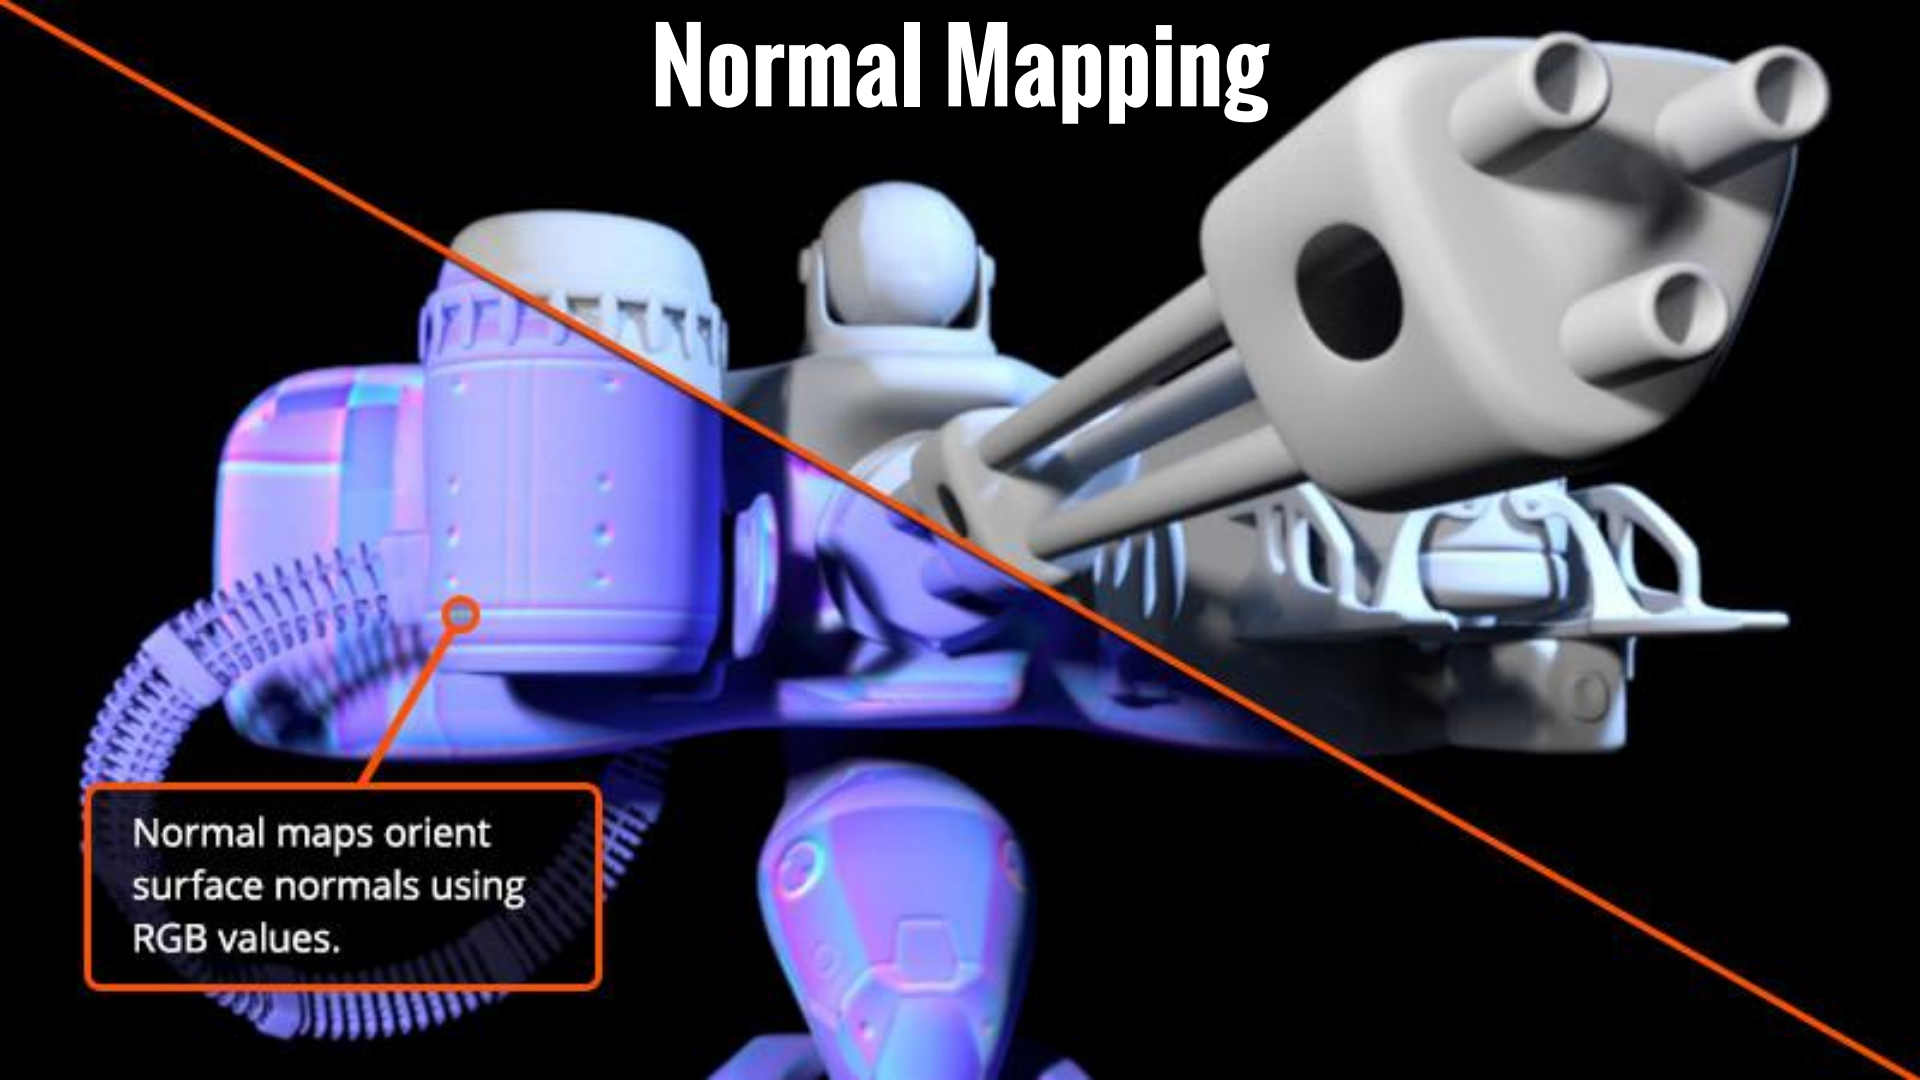


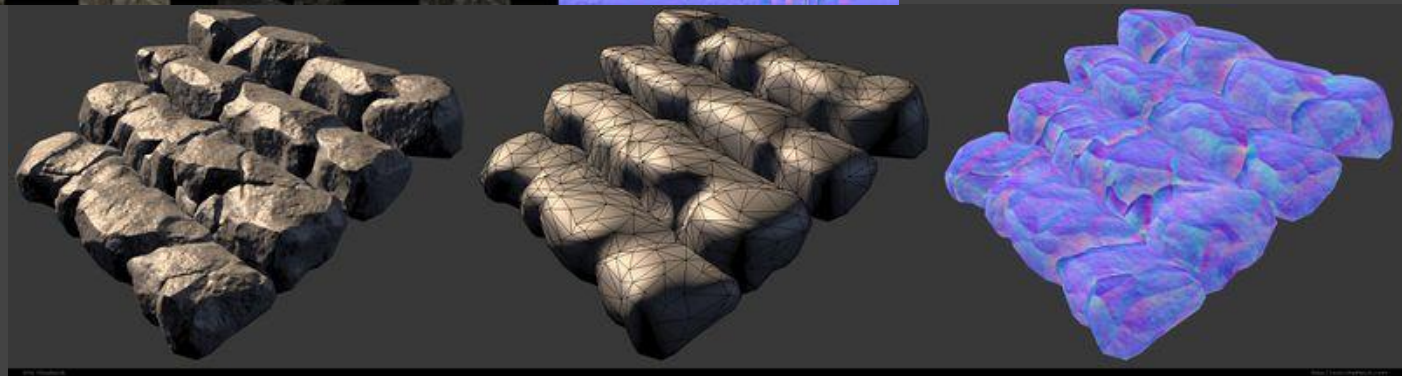
Bump Map



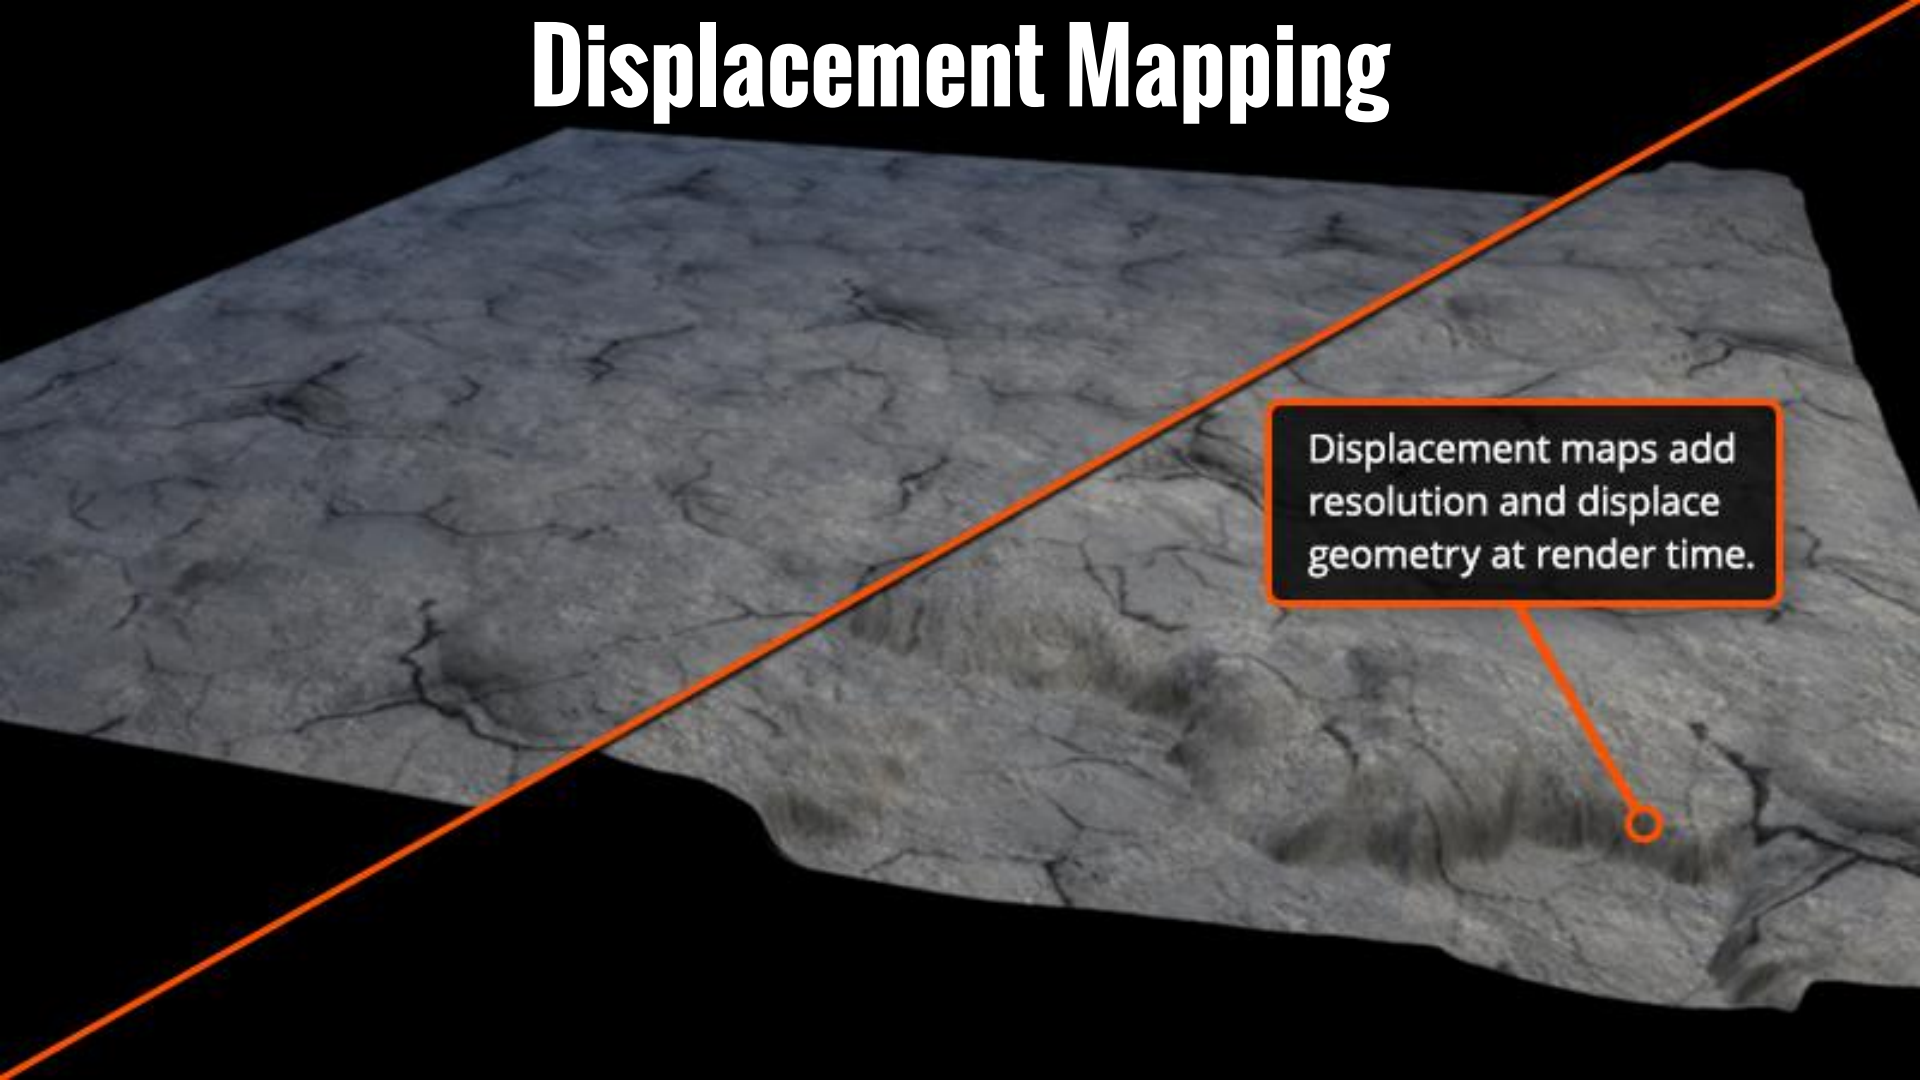
Without bump map
With bump map

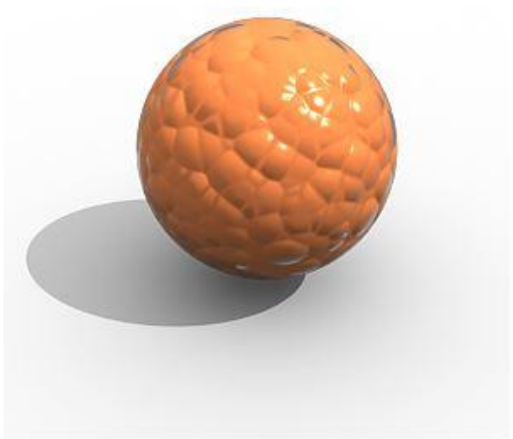
Normal Mapping



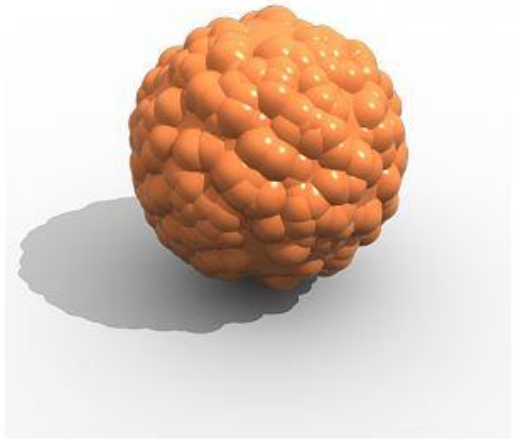


Displacement Mapping

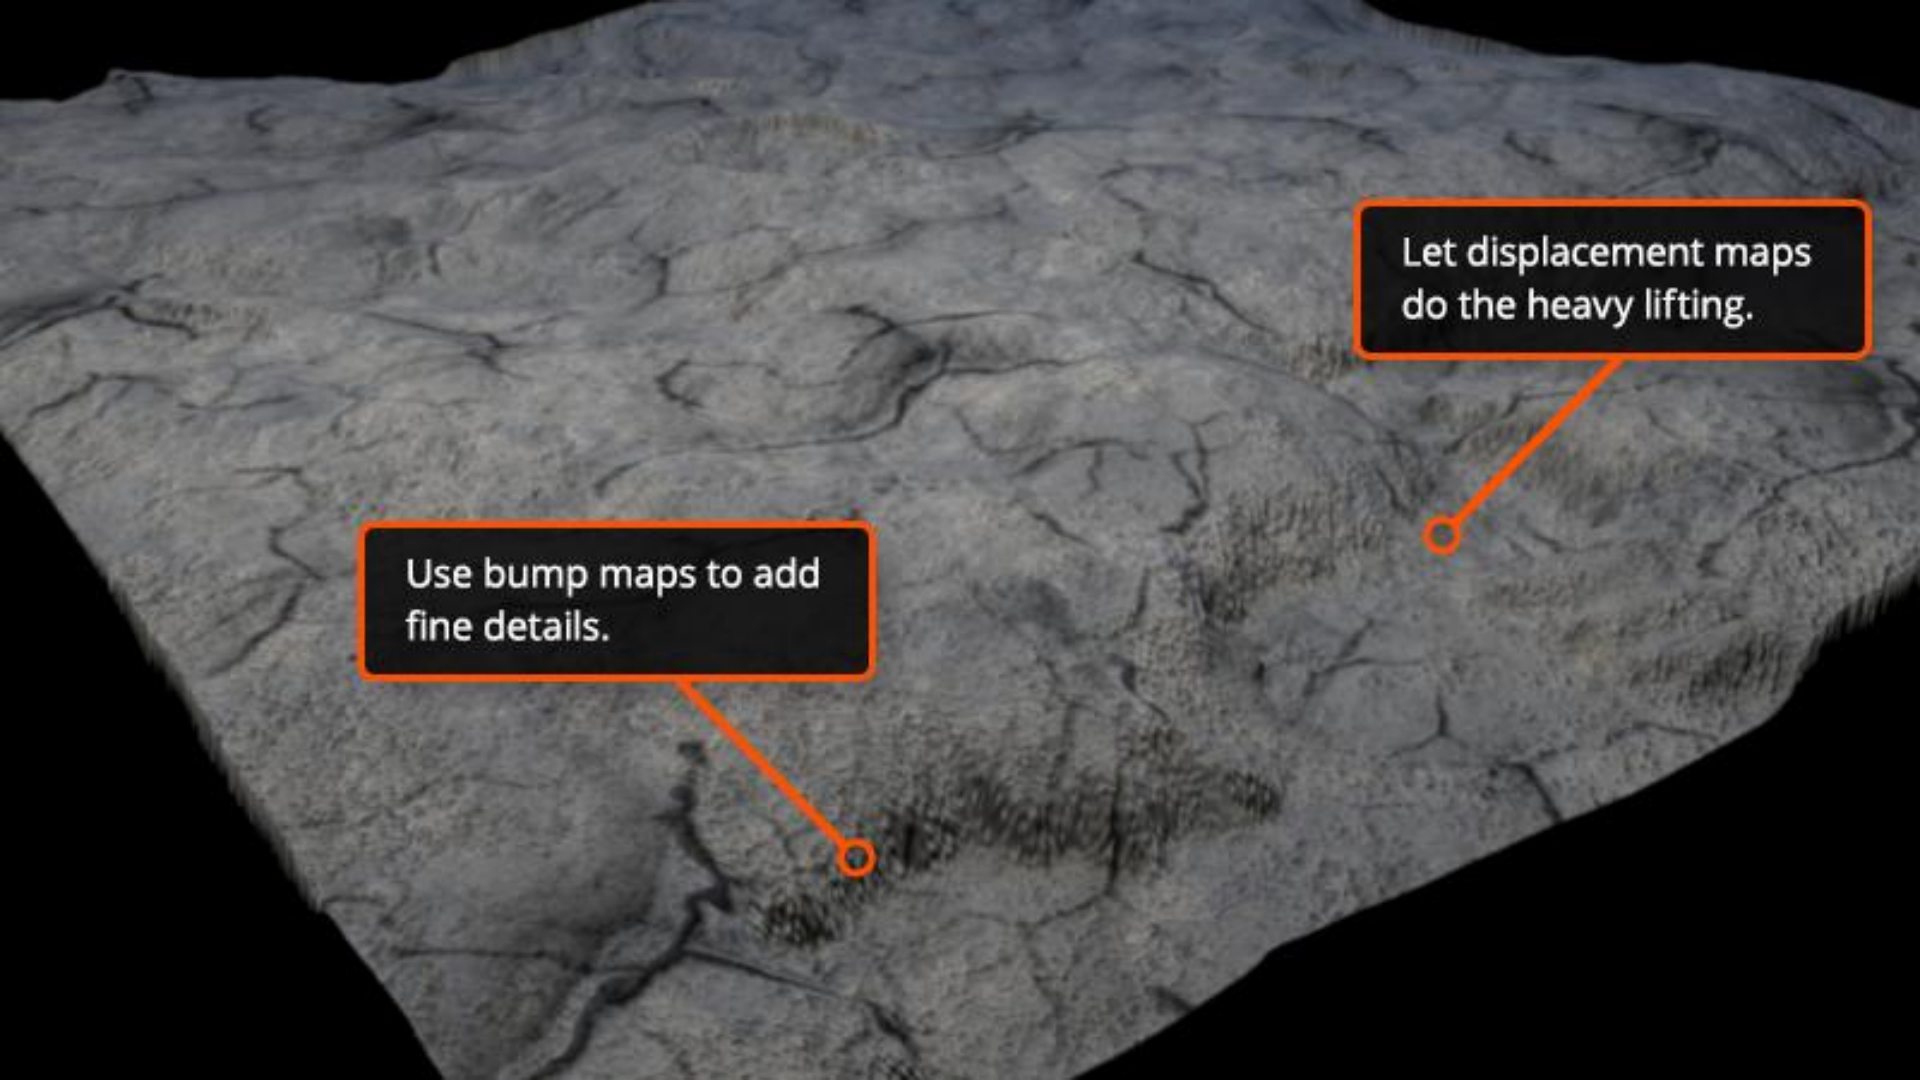




Bump mapping



Displacement mapping



Let displacement maps do the heavy lifting.
Use bump maps to add fine details.

Relief Mapping

Figure 1. Town rendered using conventional texture mapping. The façades and brick walls represented with one texture each.

Figure 2. Same view as in Figure 1 rendered using relief texture mapping. Both scenes contain the same number of polygons. Notice the bricks standing out and the protruding dormers.
